MEMORANDUM FOR: Members, Intelligence Producers Council

FROM: [REDACTED] 25X1  
Chief, Intelligence Producers Council Staff

SUBJECT: FY 1989 Production Enhancement Initiative Program (PEI)

1. As you know, the FY 1988 PEI cycle was the most successful since the inception of the program. We received 68 proposals, and the Council approved and funded 16 of these at a cost of [REDACTED]. These proposals addressed a wide variety of Intelligence Community concerns and will provide considerable benefit to the Community. [REDACTED] 25X1

2. We anticipate that FY 1989 will be a banner year for the PEI program, given the success of the FY 1988 PEI cycle and continuing budgetary constraints within the Community. In keeping with past policy, we will accept PEI proposals--both new and reworked--at any time during the year. However, to better serve the needs of the Community and to facilitate earlier funding of proposals after they are approved, we request that your organization submit its FY 1989 PEI proposals to the IPC Staff by 12 August 1988. [REDACTED] 25X1

3. The PEI criteria and format for proposals are attached for your information. Comments and queries may be directed to [REDACTED]
